## THE GREENHOUSE COLOURS

The Greenhouse palette is bursting with colours inspired by nature: sage and mossy greens, slate blues, earth browns. These tones work naturally with Nordsjö's Colour of the year Bright Skies™. The Greenhouse colours can help bring the positive effects of the outside world into our homes.

**BEDROOM OASIS – REACHING HIGH.** Create freshness and openness by using soft greens and grey blues on lower walls and woodwork, and painting an upper section in Bright Skies™.

**TURN YOUR CEILING INTO A SKY.** Bright Skies™ is the perfect choice for overhead, giving a light and airy sense of limitless space in any room. Try combining it with cool, calm soft green walls from the Greenhouse palette for a fresh, wrap around feel. ▼
